PIMLICO MEETING THRIVES

HE WILL WINS FROM START TO FINISH IN THE RENNERT HANDICAP.

Franklin Takes His Race-Accidents Mar Steeple chase-Addie M. Sold to Mr. Sanford-Colonel Vennie in a Good Trial.

Baltimore, Md., November 3.—Louis Feustel's Heno gelding, He Will, showed a return to his good form when he won the Rennert Handicap at Fimilico this afternoon. He conceded weight to everything in the race, made all the pace and won castly from Robert Bradley. The latter was the rumner up all tae way.

Franklin, after several disappointments, finally managed to make good when he beat a shifty band of two-year-olds in the third race. The pace in the early running was extremely fast, which probably accounted for the poor showing of some of those maisting behind the winner.

The steeplechase furnished a chapter of mishaps, four of the eight starters failing to finish. One of them, Ruffo, was killed as a result of a fall at the third fence, where he broke his neek. At the same jump in the next time around Arcturus bolted into the ring. Rupica and Superhuman lost their riders, the former at the last jump when he appeared to have a good chance, and Superhuman at the sixth. The riders all escaped injury.

John Sanford today bought the good mare Addie M., a daughter of Star Shoot—Brenkwater, from J. W. Messervy, and she will be shipped from Gravesend to Mr. Sanford's Hurricana Farm at Amsterdam, N. Y. Addle M. went wrong this fall after a notable career on the turf. Mr. Sanford ins decided not to winter any horses at Benning and they will all be shipped to Hurricana Farm.

Waiter B. Jennings has written Samuel Ross from England asking for stabling accommodations at the old course of the Washington Jockey Club. Mr. Jennings is abroad with an unlimited commission to jurchase horses for Charles W. Clark of California and George W. Wingsield of Reno. Mr. Jennings will ship his purchases to Benning or Alken, S. C.

R. D. Williams was an arrival today. He has shipped three horses from Louisville to the Bowie rack, where they will be prepared for the meeting soon to open there.

Jockey Vincent Powers came over from Red Bank. N. J., to ride Superhuman for Herbert L. Pratt in the steeplechase and he will probably remain for the

feature.

H. D. Brown left for Havana this morning to complete some preliminary details for his meeting, which is to open Becember 16.

Edward Corrigan was a visitor at the track this afternoon. Mr. Corrigan has been intimately connected with the American turf for many years and was formerly a power in western racing. He is still looking hale and hearty and takes a lively interest in the sport.

CURRENT NOTES OF THE TURF.

It is said that \$200,000 passed through the mutuel achines on the closing day at Laurel.

Trainer T. B. Munford has arrived at Juarez with the stable of Wade McLemore. The McLemore orses have been resting on their owner's ranch in

A romance of the turf will culminate at Baltimore on November 14 with the marriage of Johnny McTaggart, one of America's leading jockeys, to Miss Marie MacDonald, daughter of Mr. and Mrs. Franklin MacDonald, prominent in the social life of Camden, N. J. It is reported in Montreal that there is to be a re-rangement of the Dorval Park Jockey Club director-

ate, with a view to a united and continuous policy.
Though racing under the regulations and authority
of the Canadian Racing Associations, the Dorval
Club is not a member of that body.

Club is not a member of that body.

W. H. Rowe expresses the opinion that John E. Madden did a shrewd thing from a breeder's viewpoint in buying Hessian. Mr. Madden has a number of Star Shoot mares which ought to nick particularly well with Hessian, as in the comparatively near past both Star Shoot and Hessian run into the same family, and an excellent one at that.

T. Hodge, trainer for E. B. Elkins, has bought from B. E. Mulholland the horses Lucky R. and J. C. Cantrill for \$1,300. They were added to the Elkins string that left yesterday on the special for New Orleans. Elkins also purchased from Mulholland the bay colt by Dick Finnell—Belle Grater, and fourteen racers to take to the Crescent City.

August Belmont is having his training quarters adjoining the Belmont Park Terminal steeplechase course completely overhauled and refitted. The stables have been repainted and put in perfect condition, while trainer S. C. Hildreth's house has been reconstructed and greatly improved. Among other improvements will be steam head and electric lights.

improvements will be steam neat and electric lights.

The Caulfield Cup, at one and one-half miles, for three-year-olds and over, was run at Caulfield, Australia. October 15, and resulted in the success of Lavendo, with William the Silent second and Cyklon third. Sixteen horses started and the race was run in 2:34. Betting on the placed horses was 6 to 1 against Lavendo, 20 to 1 against William the Silent and 12 to 1 against Cyklon.

From a racing noint of view, New Zealand is ween.

The Silent and 12 to 1 against Cyklon.

From a racing point of view, New Zealand is more prosperous than any of the Australian states. Money pours into the totalizator and all the clubs flourish. There is no talk of curtailing racing there, but some of the proprietary people in New South Wales seem anxious to put their heads together and voluntarily reduce the racing. During the last few years there has been a tremendous increase in unregistered racing all over New South Wales, and it is only a matter of time for public opinion to assert itself and insist on some reform at least in two centers where it is very much overdone.—Melbourne Argus.

The wind-np at Laurel was particularly brilliant.

it is very much overdone.—Melbourne Argus.

The wind-up at Laurel was particularly brilliant and the turnout was the biggest in the history of the track. Many notables were present, particularly from Washington, and gave tone to the occasion. Baron Bakhmetieff, the Russian ambassador, with a party of friends, occupied a box. The president's private secretary. Joseph Tumulty, was present and unched in the clubhouse as the guest of James Butler. A whole host of Marylanders prominent in while life were seen, among them Emerson C. cliarrington. RICHLY-BRED YEARLINGS PURCHASED IN ENGLAND BY P. T. CHINN FOR A WEALTHY PATRON OF AMERICAN RACING

Baltimore, Md., November 3.—Over one hundred thoroughbreds, many of them from the most fashionable families in the English Stud Book, have been brought to this country during the past few months. Their advent should help materially to improve the thoroughbred in the United States. Harry Payne Whitney, Jefferson Livingston, C. K. G. Billings, R. T. Wilson, Howard Oots, Philip T. Chinn and George W. Wingfield have been liberal purchasers abroad. One of the last consignments to arrive from the other side were eight yearlings purchased in England by J. Butters and consignments to arrive from the other side were eight yearlings purchased in England by J. Butters and consigned to Philip T. Chinn. These youngsters were transferred direct from the boat to an express, car and immediately shipped to Palmetto Park at Charleston, S. C., where they will be wintered. It is understood that Mr. Chinn has associated himself with one of the greatest finaciers in Wall street, who has given him unlimited credit to go abroad and select material for a high-class racing establishment. The name of this gentleman has not been made public and it is even doubtful if the horses will race under his name; at least for the present. The eight yearlings that were brought over a few weeks ago are really only the foundation for what is intended to be a great racing establishment, for at the conclusion of the Maryland meetings, Mr. Chinn has been commissioned to return to England to attend the December sales and make extensive purchases of weanlings, broodmares and a couple of high-bred stallions for his patron. Negotiations are already in progress for the leasing of a large farm adapted to stock raising in the vicinity of New York and on their arrival from the other side these horses will be quartered there.

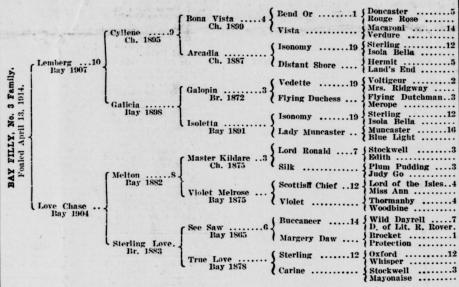

The British Bloodstock Agency, Ltd., has forwarded to Mr. Chinn tabluated pedigrees and family details of the yearlings which Butters purchased in England for this new racing concern. They show that the youngsters have been selected with gr

a bay or brown colt by Bachelor's Double—First Over. The first-named was foaled March 5 and the latter April 3. Two of the others are by the Gallinule stallion Santry, winner of the Astley Stakes, Michaelmas Stakes and Portland Plate at Doncaster and two Biennials at Ascot, and second to Rock Sand in the Hardwicke Stakes in which he beat the great Sceptre three lengths. Santry was also second in the Cambridgeshire Stakes to Velocity, to which he conceded thirty pounds. Both of the get of Santry are colts, one a chestnut out of Symington Toll and the other a bay out of Mirfield. The former is from No. 13 family and the latter from No. 15.

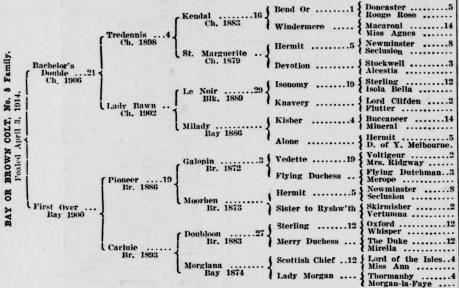

A bay filly, family No. 3, by Lemberg—Love Claise, is one of the gems of this lot, She was bred by Mr. F. W. Dunn and was foaled April 13. Lemberg was the winner of \$204,795 in England and his victories included the Derby, New Stakes, Middle Park Plate and the St. James Palace Stakes at Ascot and the Coronation and Doncaster Cups. Lemberg went to the stud in 1913 at a fee of 300 guineas. Love chase is the dam of Monk's Flight, winner of eight races in Belgium and sister to Stirrup Cup, which won nine races and was a producer of winners when retired to the stud. Love Chase is by the great Melton out of Sterling Love, one of the best broodmares in England.

Besides these horses Mr. Chinn has eigth of the Jefferson Livingston two-year-oids. Some of these have shown up well enough in their trials during the past summer to warrant the belief that they are much above the ordinary. One of them, Colonal two-year-oids will go and two-year-oid considering that the track was not at its best. The Livingston two-year-oid will be retired for the year at the conclusion of the Maryland meetings and will go into winter quarters at the W. S. Payne farm near Lexington, Ky.

The pedigree of the filly by Lemberg—Love Chase will be especially interesting to students of breeding and is as follows:

The coit by Bachelor's Double—First Over is well thought of. Bachelor's Double won the Irish Derby, Royal Hunt Cup and the City and Suburban Handicap. He was unbeaten in his two-year-old form. This young stallion had four winners the present Ard Patrick, both Derby winners and each of which year, which won seven races and his stock is highly sold for over \$100,000.

commission merchant, to collect a judgment for \$14,367, obtained in December, 1914. Testimony by Mr. Pfizer was to the effect that he had lost \$850,-600 in four years, some of his losses being through Max M. Hart, a note broker, who was sentenced for fraudulent dealings to the Federal prison at Atlanta, Ga. Mr. Pfizer obtained a large part of his original holdings through the Charles Pfizer Drug Company, which his father headed for many years.

HAVANA PROSPECTS GOOD

RACING IMPEDIMENTS AT THE CUBAN ME-TROPOLIS MET AND OVERCOME.

New Drainage System Provided and the Track Practically Reconstructed to Defy Injury by Rain-Heavy Tourist Patronage Expected.

Havana, Cuba, November 3.—Many new stables will be found among the list of horsemen who have decided to race in Cuba. There are several thing-responsible for this, most important of all the fact that the meeting held at Marianao last winter showed that racing here has come to stay and will eventually be a big thing. The Cuba-American Jockey Club had many obstacles to overcome and despite the numerous handleaps a successful race meeting was given.

There is no question but that the condition of the track last winter was a most serious drawback. At the conclusion of the meeting plans were made to install a new drainage system, which has been built under the supervision of one of the ablest engineers in Cuba. Last year the drainage emptied into a cave, which was finally discovered to be inadequate for the purpose. This year the whole drainage system has been revised. It now empties into the Almandares river. This new system was put to a severe test during the recent rainy season and was not found wanting. The ditches around the track and stables have all been widened, deepened and regraded and the whole thing works like a charm. Attention has also been paid to the track itself. About two feet of the top soil was removed, the bed of the track regraded and twelve inches of sandy loam sprend around the entire course. Tais soil was secured two miles from the track and was conveyed to Oriental Park on flat cars. Temporary rails were laid around the track, which facilitated the work.

Racing at Oriental Park will begin on December 16 and will run for eighty-two days. Several new

Racing at Oriental Park will begin on December 16 and will run for eighty-two days. Several new hotels have been built in Havana since last spring, and already circulars have been sent to the United States by various hotels asking the horsemen and race-goers for their patronage.

Reports from the board of trade in Havana indicate that the tourist season this winter will be one of the best Havana has experienced in many years. Apart from this the tremendous price that the planters obtained for their sugar crop has resulted in money being plentiful among the natives.

COCHRAN'S HORSES AT BELMONT PARK.

New York, November 3.—Gifford A. Cochran has seven of his older horses at Belmout Park. The lot consists of Pleione, Hands Off, Figinny, Prince of Como, Royal Martyr, Feminist and Airman. Mr. Cochran has sold a few of the yearlings which he had at Gravesend, but he still has over thirty. Their removal to Belmont Park has been postponed for a week or more for the reason that many of them had been ailing until recently and although all of them are doing well now, they are not yet fit to be put into active training.

Mr. Cochran has a particularly fine new stable at Belmont Park, which many experienced horsemen pronounce to be the equal of any training stable they ever saw. It will furnish ample accommodation for his big string of yearlings. The boxes are uniformly large, well lighted and perfectly ventilated. The great shed, which protects the wide walk or training track completely surrounding the big building, has been enclosed, and the windows in it are so large and numerous that it might be termed a glass enclosure. These windows open in slides so that they can be thrown open in warm weather and furnish no obstruction to the circulation of fresh air and at the same time make no projections to interfere with the progress of the youngsters taking their work when the place is open.

August Belmont was so pleased with the latest trials of his yearlings at Belmont Park that he probably will race fourteen of the fifteen in 1916. The first lot tricd showed so satisfactorily that most of them were taken out of active training for the present. In this week's trials eight more performed satisfactorily. The trials were as follows: Sandusky, 23%: Hourless II. 23%: Nancy Fair (sister to Norse King), 23%: Sirenest, 23%; Felnea, 23%: Lucky Catch, 23%: Flare, 23%; Mill Maid (against a strong wind), 24%.

LATEST IMPROVEMENTS AT PIMLICO.

Baltimore, Md., November 3.—Since the spring meeting a large sum has been expended for the comfort of patrons of racing at Pimlico. The whole space under the grandstand has been cleared of all obstructions and the only ones left are the posts which support the stand. Overhead, extending north and south, has been placed, at an elevation of twelve feet, all of the boards that contain information for the public. A gallery along its front allows the chalker to write on these boards. Here are found all the pay slates, the approximate odds board, and the board which gives the names and numbers of the horses and jockeys with the weights. There can be no more crowding now when programs are marked by visitors.

Where the old approximate odds board used to be the club has added an extension of 150 feet, and there will be found six extra booths for paying off \$2 tickets. There are now no pay slates at the rear of the rank of pool boxes, and that whole space is left unobstructed as a paying exchange. Where before there were two money changers' booths there are now three. All these changes permit the crowding.

THREE RAPID WATER WEANLINGS SOLD.

Lexington, Ky., November 3.—G, W. J. Bissell today purchased the following three weanlings by Rapid Water from John E. Madden: Bay colt, Linda Stone, by Hamburg; chestnut filly, Playground, by Hurst Park, and chestnut filly. Comet. by Star Shoot. Bissell is the owner of Rapid Water, having purchased him one year ago.

Jack Adkins today turned out Ruckhorn. Leo Skolny, San Vega and Helen Barbee for the winter at H. P. Headley's Beaumont Farm.

CORRECTION OF AN ERROR.

In the chart of race 23813, as published in Daily Racing Form of November 2, an overlooked elerical error made it appear that the horse Aberfeldy had started as a member of the mutuel field. Aberfeldy was not in the field, starting as a separate choice at 1800 to 100, whereas the price against the field was only 550 to 100.

CLAIM TIA JUANA RACING IS SURE.

In a telegram from San Diego, Cal., Daily Racing Form is assured that the "race track opens positively Christmas week at Tia Juana." From this it would seem that work on the track there is being nushed. If so Daily Racing Form's readers will be informed of the matter in due time.

ENGLISH TRICKS AGAINST BOOKMAKERS.

ENGLISH TRICKS AGAINST BOOKMAKERS.

In the spring of 1913 a funny little affair happened at Wye race course. The small Wye telegraph office was suddenly flooded by a shoal of wires from London. The torrent started mysteriously at midday and did not stop until nearly three. The messages, which were unclaimed, turned out to be begus ones, used simply to block the line. For three hours the two telegraphists were busy taking down messages like "I am Henry the Eighth. I am," and "A Happy New Year," while dozens of people stood angrily demanding why they could not get through to London.

The idea in "coups" like this is to get a good price on some horse by preventing the commission agents in town, with whom the bets have been made from covering themselves by backing that horse ou the course and so spoiling the starting price.

The eleverest piece of turf knavery ever carried out was simply dazzling in its neatness. In the days when one leading sporting paper supplied all the dailies with the racing returns, betting, etc., a man called on the editor of that paper and offered to report an out-of-the-way meeting. He had to be there officially, so could do it cheap. As the meeting was quite unimportant the offer was accepted. In due course the program of the meeting came in and was published in all the papers, followed by the bandicaps, the list of arrivals, etc.

The bookmakers in town, of course, booked bets freely over the little country meeting. Next day the racing results made the meeting out to be quite successful. The papers complimented the officials and encouraged them to do even better next year.

Didn't they wish they could! The whole thing was bogus from beginning to end. Town, fixtures, judge, jockeys and horses were the pure invention of some brilliant "boy." So was the race course, the racing, too, But the betting was not. Score of bookmakers lost heavily over races that had never been run.

never been run.

An attempt was made not long ago to repeat this trick by inventing a small jumping meeting. It fell through only by the merest accident. All the details had not been properly thought out. The bubble was burst when the telegraph department began to make inquiries, their special telegraphists not being able to find the place.

ANOTHER GOOD WORD FOR JOYNER.

It has been known for some months past that Mr. Harry Whitney's trainer, Andrew Joyner, was due to return to his native country at the end of this season. The pending departure of this highly popular trainer has been all along regarded regretfully in racing circles, and as already reported in our columns, Mr. Joyner was entertained by a large number of his fellow trainers at the Newmarket Subscription Rooms Club on Cesarewitch night, when the various items on the menu card were cleverly associated with the names of the best horses trained from time to time at Balaton Lodge.

Although he has never enjoyed the satisfaction of carrying off any of our classic events with one of his charges, Mr. Joyner has turned out the winners of many important handicaps and weight-for-age races, and there is no doubt that but for the restrictions imposed on the national sport during war-time, Mr. Whitney would have continued to run some of his horses here as usual. Meanwhile, however, there has been a revival in the fortunes of racing in America, and it is but natural that the best animals at Balaton Lodge should be shipped back to the land of their birth, and so for the time being we are to be deprived of the pleasure of seeing Mr. Whitney's Eton blue and brown jacket and the presence of Mr. and Mrs. Joyner on our courses. There is every reason to believe, however, that our welcome visitors' stay amongst us will be repeated at no distant date, and when Joyner does come back may he bring with him a Derby winner.—London Sporting Life of October 19.

GENERAL NEWS NOTES OF THE DAY.

Elections in ten states Tuesday emphatically defeated woman suffrage amendments in New York, Massachusetts and Pennsylvania, and gave the republicans an additional representative in congress and a new governor in Massachusetts. State-wide prohibition was rejected in Ohio by a majority of from 20,000 to 40,000. Last year the amendment was defeated by M4,152. The republicans elected mayors in Cleveland and Cheinnati. Charles Milroy, a progressive, was chosen mayor of Cleveland. The democrats, apparently, elected a governor in Maryland and an entire state ticker, nesides a majority in the state legislature. democrat, as governor of Massachusetts, won by a plurality of 6,665. The republicans retained control of the Massachusetts legislature. The republicans returned to power in Philadelphia, where their candidate, Thomas B. Smith, was elected mayor by 75,000. In New Jersey the republicans gained the state senators and two members of the assembly and will continue in control of both houses of the legislature. The city of Toledo, Ohio, voted against a twenty-five-year street car franchise and will take over all lines controlled by the Toledo Railways and Light company. A proposal that the city purchase the local street railways was rejected in Detroit after a bitter fight. The election of members of the Virginia general assembly will send a heavy majortiy to the senate and house pledged to the enactment of prohibition legislation when the state goes dry by constitutional amendment November 1, 1916.

actment of proinibition legislation when the state goes dry by constitutional amendment November 1, 1916,

A dispatch of yesterday afternoon from Douglas, Ariz., says: General Villa, forced by hunger, thirst and a scanty supply of ammunition to abandon his plan for an immediate assault on the strongly intenched village of Agua Prieta, commenced withdrawing his army today, and shortly after 9 o'clock most of his force was moving toward Anavacacahi pass, twelve miles southwest. Villa's dead left on the field are 335. Two hundred were counted lying west of Agua Prieta and 136 to the east. Calles' dead were twenty-five soldiers and his wounded seventy. Calles sent out cavalry forces to keep in touch with the Villa rear guard. The battle of Agua Prieta in one respect recalls the famous fight at Matanzas. Cula, in 1898. Among the casualties on the American side, it became known today, was one perfectly good gray mule. He got too close to the firing line and a piece of shrapnel came over on the American side and gave him his quietus. That Villa's determination temporarily to withdraw his forces was sudden was shown by the fact that his gun lieutenants in command of rapid-firers on the right wing took nothing but their guns with them. Quantities of ammunition in cases were left in emplacements when the withdrawal began. A body of Villa infantry, estimated to be between 1,000 and 1,500 men, marched through Gallardopass and swung to the southwest to Join the retiring main army. American army officers are somewhat mystified at Villa's movement. Some believe it is his intention to withdraw from the Agua Prieta field altogether and march southwest to attack a large body of Carranza troops reported to be coming from that direction. General Mendez with forces of about 1,500 men, has been holding the Anavacachi pass for several days, and will remain there guarding the entrance to the valley for the return of Villa. Meantime heavy supplies of ammunition will reach Villa from the east. Villa's main forces had drawn to the southw

squad a mile southeast of Agua Prieta was said to have been cut to pieces, with a loss of thirty or forty men.

A dispatch from Berlin yesterday said: The war office announced today that Field Marshal von Hindenburg had been forced to withdraw his lines between Swenton and Ilsen lakes on the northern end of the Russian front. The German official statement relative to the operations in the eastern war zone was: In the eastern theater, army of Field Marshal von Hindenburg: The Russians continued their attacks before Dvinsk. At Illoukst and Garbinowka they were repulsed. They stormed our positions in this region four times with extraordinary heavy losses. Between the Swenton and Ilsen lakes we were forced to withdraw our lines. The Russians succeeded in occupying the village of Mikulischki. Army group of General von Linsingen: On the Oginski canal the enemy advanced against the locks at Osaritchi but was repulsed. On both sides of the Lisowoc-Zatorysk high road the Russians again were forced to retreat. Five oflieers and 660 men were made prisoners and three machine guns were captured. The troops of General von Bollmer still are fighting for the northern part of Sankowec. The city of Usitee (Usize) in northwestern Serbia, has been captured by the Germans. This announcement was made by the war office today. Usice is the capital of the Serbian province of that name and is fifty-three miles southwest of Kraguyevatz. Its strategical importance is derived largely from the fact that it is a railroad terminus, control of which places the Germans in possession of a still larger part of the Serbian railroad system. Usize lies midway between Cacak, capture of which was announced yesterday at Berlin, and the Bosnian border, where Austrian forces are attempting an invasion of Serbia.

border, wherer Austrian forces are attempting an invasion of Serbia.

Austria fails to take cognizance of the activities of Dr. Theodor Dumba as ambassador to the United States in a new note on the exportation of arms and munitions of war which has been received at the state department. No reference is made to the efforts of the ambassador to tie up the manufacture of arms, or to his withdrawal upon the demand of President Wilson. The notes reiterates the previous protest made by the Austrian government against the exportation of munitions to the allies. It declares that the American answer to the initial protest is based upon an erroneous interpretation of The Hague convention. The note adds that this is proved by the extension of munition-making plants in the United States to such an extent as to result in the militarization of the American economic life. Austria in its note denies that it sought equalization, or that it protested because it was unable to purchase munitions with the same freedom as the allies. It maintains that the excessive exportation of arms would be just as objectionable if the Tentonic allies were able to buy war material in equal

quantities. It sets forth that America's contention that it is merely following the example set by other nations in previous wars in selling munitions is at fault. This war, the note declares, is different from any other in the world's history, as virtually all the nations of Europe are arrayed upon one side or the other. In previous wars only two or three powers were involved. This alters the situation, is the contention of the dual monarchy.

were involved. This alters the situation, is the contention of the dual monarchy.

Italy claims to be making substantial progress in its campaign against Austria and in an official statement at Rome yesterday, says: Austrian regiments fighting on the Isonzo-Carso line on October 21-24 lost more than half their effectives, says the Idea Nazionale. Unable to save pieces of heavy artifery, the Austrians rolled them into ravines and torrents. Twelve and 17-inch guns in positions on Mount Santa and Mount Sabatino to defebble of the Austrian and Mount Sabatino to defebble. New positions occupied by Italian artillery fire. New positions occupied by the Italians before Gorizia were dismounted by Italians before Gorizia enable them to bombard the Austrian defenses located farthest to the east of the city. In the Ledo valley the enemy, powerless to drive us from the Bezzeca basin, opened a violent and intense artillery fire on the villages. Bezzeca and Boca were damaged and Menzumi was burned. In the upper Sexten valley (Drava) enemy troops which were seen in Innichriedel and Knoth were shelled by our artillery. In the valley near Lucra, south of Lusnitz an enemy detachment which was attacked and dispersed by our troops abandoned a quantity of rifles and munitions. Along the Isonzo front yesterday, under a continuous rain our troops renewed their attacks with unabated vigor. On the Podgora height we broke and passed through a fourth exceptionally strong line of trenches.

renewed their attacks with unabated vigor, On the Podgora height we broke and passed through a fourth exceptionally strong line of trenches.

Settlement through arbitration of the case of the American steamship Hocking, seized by a British cruiser off the Atlantic coast, was forecast at Washington yesterday as a result of the new issue which has arisen between the United States and the entente allies over the question of method of determining the nationality of merchant ships. The seizure of the Hocking is the first since the British government's change of policy conformable to the French rule, that a vessel's nationality is determined by ownership and not by flag. This position is widely at variance with that of the United States. Great Britain and the United States heretore virtually have been agreed that a vessel's nationality is determined by the flag she is entitled to fly, so that ships under German or American flags were considered fair prizes. The British government, it is understood, will contend the Hocking was purchased with German money.

Reports submitted by Brand Whitlock, American minister to Belgium, to Ambassador Page at London on the case of Miss Edith Cavell, the British nurse, put to death by German military authorities, constituted merely a recital of the facts and were for the ambassador's information, but not for publication. This is disclosed in a long report from the minister to the Washington government in which he reviews steps taken by himself and legation staff in connection with the case. Publication of the reports by the British foreign office to which they were transmitted by Ambassador Page in the ordinary course in reporting on the care of British subjects by American diplomatic officers. Mr. Whitlock says, caused him considerable embarrasaent in Brussels with the German authorities. He added. However, that the latter are apparently satisfied with his explanation.

The superdreadnaught Nevada, first of American battleships to use oil exclusively for fuel, began its builders' acceptance trials off Rockland, Maine, yesterday. In a recent unofficial test on the same course, the Nevada made a mile at a speed of 21.1 knots and averaged 20.65 knots on her full-speed run. Contract requirements call for 20½ knots on a twelve-hour endurance test.

Alderman Henry Utpatel yesterday was authorized by Mayor Thompson to take steps to bring the questions involved in the clothing workers' strike to arbitration. The alderman sought permission for the council strike committee to appoint a committee of representative business men to confer with the employers regarding arbitration. The mayor sanctioned the plan.

Brig. Gen. George M. Sternberg, retired, surgeongeneral of the army from 1893 to 1902, and a civil war veteran, died yesterday at his home in Washington. He was seventy-seven years old, a native of Otsego County, N. Y., and served the government through cholera and yellow fever epidemics. General Sternberg was the author of several medical books.

The French government hac conferred the Grand Cordbon of the Legion of Honor on Lieut, Gen. Count Cadorna, chief of staff of the Italian army. Gen. H. J. E. Gouraud, former commander of the French expeditionary force to the Dardanelles, will take the insignia to the Italian headquarters and present it to General Cadorna.

A typhoon, which is increasing in violence, is again sweeping the section of southern Luzon, which was devastated late last month with the loss of nearly 200 lives and property damage estimated at nearly \$1.000,000. The storm is headed toward Manila. Two coasting vessels have foundered, the crews were saved.

King George did not pass Tuesday night so confortably as hitherto, his physicians admitted yesterday. He still suffered pain, they stated, from the bruises inflicted when his horse fell with him last week. His general condition, however, was said to be improved. He is able to take solid food.

Winter Racing

In Cuba

There will be 82 days of racing in Cuba this winter, commencing December 16, 1915, and continuing until March 19, 1916,

The trip is one of 48 hours or less from Chicago, Cincinnati or Baltimore to Havana, Guba. The City of Havana is conceded to have the finest winter climate in the world. Hotel accommodations are ample and good. the supreme entertainment of the tourist. The shortest route to Havana is by rail to Jacksonville and Key West and from the latter point a most delightful six-hour boat ride through the Gulf.

Both styles of betting will be used: Pari-Mutuels and Bookmaking. The ring will be open to all reputable Bookmakers.

Horsemen who intend to ship to Havana are requested to notify FRANK J. BRUEN, Latonia Race Track, Covington, Ky., or HARRY WHITE, Pimlico Race Track, Baltimore, Md., at once.
